And finally, the updated version is out!

If you are keen to get a better grasp of AI and data science, these are the Fantastic 4, I totally recommend checking out:

1- "40 days of AI", the ultimate repo of resources for learning AI:  
<https://lnkd.in/g3g4Ygu>

2- "AI Career Podcast", interviews with data professionals from [Google](#), [Microsoft](#), [Facebook](#), [Amazon](#), and ...:  
<https://lnkd.in/gK8Ww32m>

3- " BuildwithAI hack", a global AI hackathon by [Hackmakers](#). Join us to get some hands-on experience, learn from workshops and mentors, network, win some accolades for their resume, and maybe even some prizes: <https://lnkd.in/geXbs-vy>

4- "[AI4Diversity](#)", a global non-profit initiative with more than 4000+ volunteers that engages and educates diverse communities about AI to benefit global society. It is open to all AI enthusiasts and will start to roll out the amazing initiatives soon.  
<https://lnkd.in/gXnph9YE>

The 800+ Q&As comes as a bonus :)

AI will be the downfall for many people when it takes over their jobs. All you are doing is fostering it to the detriment of many workers. Not a fan of AI and deplore the spreading of it.

[Steve Nouri](#) I like your "800 Plus Q&A" eBook. May I suggest you to number the pages and create the hyperlink chapter clickable, please?  
  
That would make the navigation quick
